

Pre-Built Traditional Sauna Kits

Free-Standing Sauna kits for quick assembly.
Featuring Tylö Sauna Heaters.

Total relaxation and comfort in an easy-to-assemble kit! Even the conduit is installed in the wall panels of these kit saunas. Wall units fit together easily and provide greater flexibility. You can even take your sauna with you when you want to relocate. Interior surfaces are made of Western Cedar. One exterior finished cedar wall. Cedar or Luan Mahogany paneling are standard on additional exterior walls. Sauna assembly times vary by room size and shape, and can take as little as 1-2 hours.

Additional upgrades and Custom Designs available.
